NEW EXPERIENCES, as a rule, are stimulating.

That is probably one of the reasons we enjoy newspapering.

It seems there are always new experiences cropping up no matter how long one has been exposed to the pitfalls of journalism.

Take last week for example. During the absence of our circulation manager, the task of getting the papers to the 45 delivery boys has fallen upon Joe's shoulders.

But last week due tc circumstances, Joe was not able to handle the assignment. So we took over.

Unfortunately we had not made a dry run and banked exclusively on verbal instructions offered by Anello and on knowledge gained of the area when we were here before.

Man, we had our troubles. Landmarks we used to rely on in many instances don't exist any more.

We, of course, were aware that there has been a tremendous amount of building take place in the last two years or so. But we really got an insight of the situation while pushing those bundles.

In fact, there was one street we never did find.

Fortunately there was only one route on it. Lyle delivered it after we had given up after a half-hour's search.

We took a little longer getting the papers to the boys than is usually the case. Some of the boys became a little concerned and called the office. But we made it finally.

So you can see what we mean by new experiences.

-o-

CONFUSED HOUSE NUMBERING in the area did not make our job any easier. Even after finding strayed or lost streets, hitting the right house often was a complicated procedure because of the numbering.

Some areas were in the process of putting new numbers in place. Some houses had new numerals while others had the old. And some houses didn't have any numbers.

So, if some of you wondered why a Model A pickup was wandering up and down your street last Wednesday, now you know.

And, by the way, driving that Model A is an interesting experience in itself.

-o-

INTERESTING phone calls are the rule rather than the exception at our office.

We all still chuckle over a recent call from a reader who suggested we call another resident to get a classified ad.

When Joe asked why the party who wanted the ad didn't call the ad in herself, he was informed that the person was hard of hearing.

That you-can-call-

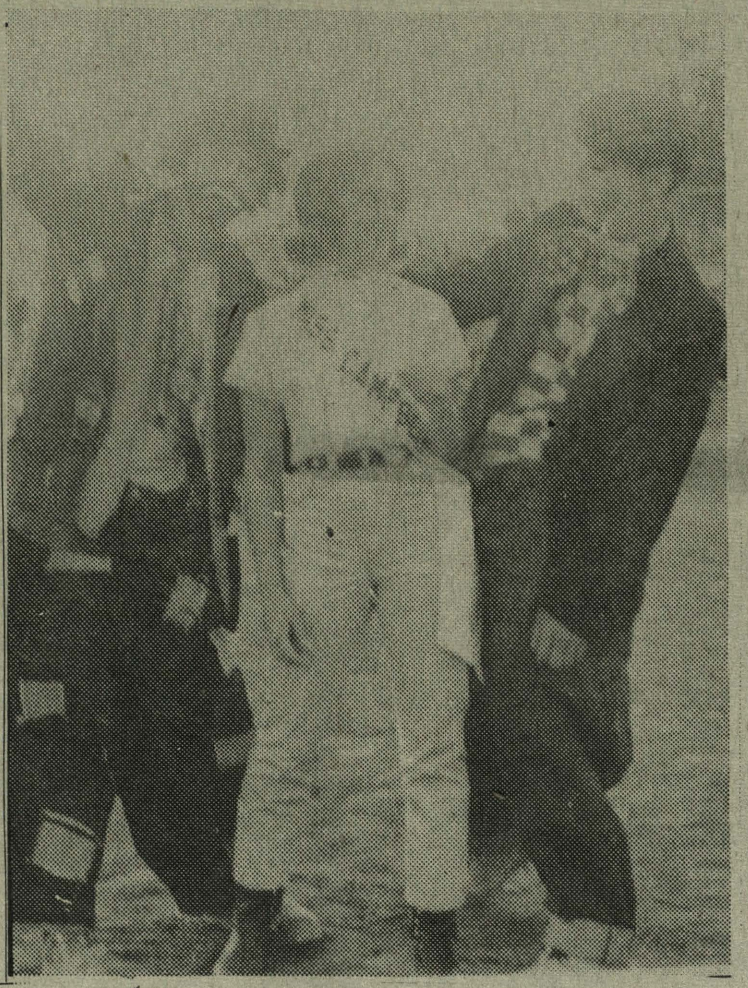
Old Settlers event

Campbell celebrates 72nd



Between 15,000 and 20,000 people crowded the sidewalks of Campbell on Sunday afternoon to view the 72nd annual Old Settlers parade which marked the climax to the four-day program which featured mirth, music and memories.

An overflow crowd, spilling onto the grass encircling the ball diamond at the Campbell Grammar School, watched the first annual Donkey baseball game on Friday night.

Chamber of Commerce officials supposedly won the encounter from their opponents, a team composed of city council members and city employees. But the game was played for laughs and both the audience and players seemed to enjoy the festivities. What the donkeys thought of it could not be learned.

High school district here shows fantastic growth

Continuing its phenomenal growth, Campbell Union High School District will enroll 10,950 students next year, an increase of more than 100 percent in five years.

This was revealed this week by District Superintendent Laurance J. Hill as the district proceeded with plans to open in September its fifth new high school in less than ten years. The newest school will be Westmont High School, now nearing completion in the southwest section of the district.

Projected 1964-65 enrollment for the district of 10,950 is 114 per cent increase over the 5,125 students of the 1959-60 school year. For several years the district has enrolled more high school students than any other Santa Clara county district.

For years a "one high school" district, the situation changed in 1955 with the addition of Camden High School. Since then other high schools have been completed and occupied as follows: Del Mar, 1959-60; Blackford, 1961-62: and Leigh, 1962-63. Westmont, the district's sixth new high school, will start next September with 1600 students, relieving pressure by taking 800 students from Campbell High School and 300 from Blackford High School, in addition to enrolling some 500 freshmen.

CAMPBELL UNION HIGH SCHOOL DISTRICT ENROLLMENT

Year	Enrollment	Percent Increase
1959-60	5,125	--

Cherry Lane School receives new name

Cherry Lane School will be renamed Campbell Elementary School next September.

The trustees of the district officially took this action at their meeting last Thursday. The name-change was originally proposed by the students of the present Campbell Grammar School through their student council. The council appeared in full strength at the board meeting.

Trustees had taken the suggestion under consideration while seeking public reaction both through publicity and through communication with the Campbell Grammar PTA and the Cherry Lane Home and School Club.

Communications were received from 173 persons urging the name change, according to the report at the board meeting. Only three opposed the change.

Mrs. Eleanor Graham-Armstrong, board president, thanked the community on behalf of the board for the expressions of point of view that guided the board in making the decision.

Editorial

Enact with care

We think the City Council acted correctly in moving to repeal the controversial zoning ordinance for the 10-acre Livacich property on Latimer Ave. It is the only logical action to take.

But in the same breath we offer a word of warning.

This should not become a habit.

Ordinances should be enacted only after proper deliberation, study, discussion and research. And repealing of ordinances should not come about simply because pressure has been applied.

What we are trying to say is that an ordinance is a law. And laws should not be bandied about like so much straw. Building up respect for the laws of the land is a tough enough problem in itself.

We concede that in this instance of the Latimer zoning there are unusual conditions. Not the least of which is the petition bearing more than 700 names asking for a referendum election on the zoning question.

Now that the council has acted to repeal the offensive ordinance, the referendum election will not be necessary. In essence this means then that council members feel that the original ordinance was faulty and was not proper.

This then is all well and good. The ordinance should be repealed and another one substituted that more adequately fits the situation.

But this should be exception and certainly not the rule.

There is nothing wrong in having a referendum election on such issues. In fact we favor such action, if the situation warrants it. The $5000 cost of such an election is well worth it, in our opinion. That's not a high price to pay to get the citizen's reaction in a tangible way.

But at the same time we recognize that both the protesting home owners and the developers, at the city's urging, have endeavored to work out a compromise agreement that is agreeable to both sides.

This also is commendable and should be encouraged.

Thus we think what we are trying to put across is that laws MUST be enacted with care. The opposition to such laws must be weighed and carefully considered BEFORE the laws are passed.

You see there are many laws on the books that we personally dislike with a passion. Yet we also realize that no law or ordinance can satisfy everyone.

UN-laying ceremony

In "out on the limb" a week ago, we suggested that steps should be taken to develop a fitting cornerstone UN-laying ceremony at the Campbell Grammar School.

This school building was erected in 1922 and is to be turned over to the junior college this fall. Eventually the school will probably be torn down.

It has been suggested that the cornerstone should be removed and preserved. We think this is an excellent idea.

We would like very much to see what that cornerstone contains.

In 42 years many changes have taken place in this community.

It will be interesting to learn what the residents in 1922 thought about the future of this area when the cornerstone was laid.

We also think this is an appropriate time to plan a cornerstone unlaying ceremony. Campbell has just honored its old settlers in the 72nd annual celebration.

Opening that cornerstone would help provide another link with the past.

We are willing to take the lead in developing the idea, provided we get a little encouragement from you people.

THIS MOVING IN and moving out process that we have been involved in during the past few weeks has provided a number of complications at times.

Our Dorothy returned to Temple City to coordinate that end of the project. We remained here.

We learned that Temple City and Campbell have something in common in addition to the Vierhus' family.

Termites.

We have yet to see a termite. But as the seller in Temple City we had to shoo them out there.

And the same procedure had to be followed in Campbell by the Holmans who sold us the house here.

Those little bugs are mighty expensive uninvited guests, even if they are quiet ones.

INSTALL TRANSMISSION TOWERS FROM THE AIR...FULLY ASSEMBLED?

Until recently, towers for high-voltage lines that cross remote areas had to be carried piece by piece to their locations...often inching along the ground over rough roads cut especially for the purpose.

But now, with "Guyed-V" towers designed and engineered by KAISER ALUMINUM, helicopters can airlift complete towers direct to isolated sites! These aluminum towers usually weigh less than one-third as much as steel towers that do the same job.

Lightweight "Guyed-V" towers are another example of what can be accomplished through the two basic steps our corporation takes to serve its customers:

Find a need. Fill it.

Here, field studies with our utility customers showed the need for improved designs to help cut costs of tower installation and maintenance. To fill the need, we established a separate product and engineering department to develop highly engineered structures. And over the last two years, we delivered more than 1400 aluminum towers (more than all other suppliers combined). Savings, for some remote sites, exceeded $1000 per tower!

As a major supplier to the nation's utilities, Kaiser Aluminum also pursues its "find a need, fill it" policy for improvements in basic electrical conductor products. For example, we recently introduced a remarkable new extra-high-voltage cable called ACAR (Aluminum Conductor, Alloy Reinforced), which we "tailor-make" for strength and electrical capacity to meet the precise requirements of a particular line!

Find a need. Fill it.

With this way of working, KAISER ALUMINUM is contributing more useful product innovations—and giving more customers better service—every day.

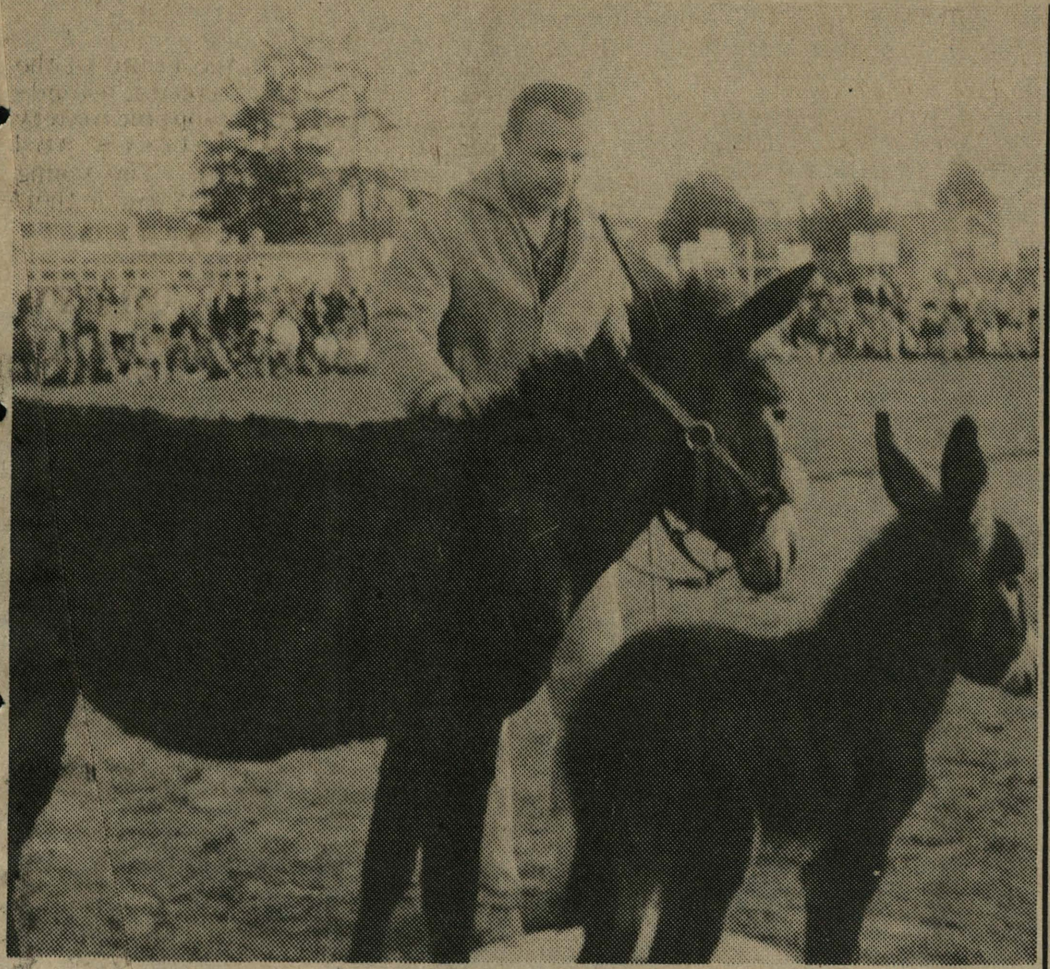
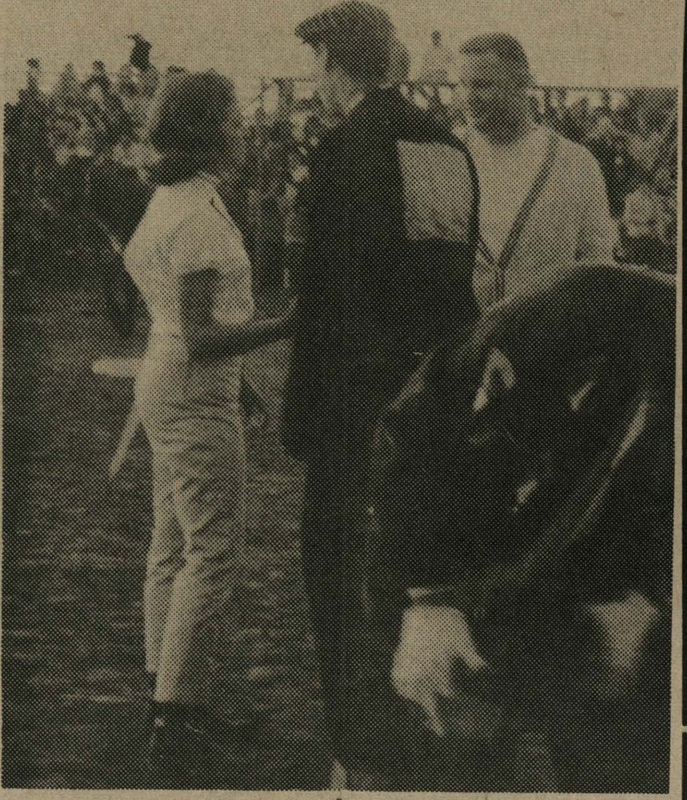
Donkey baseball, parades, feature celebration



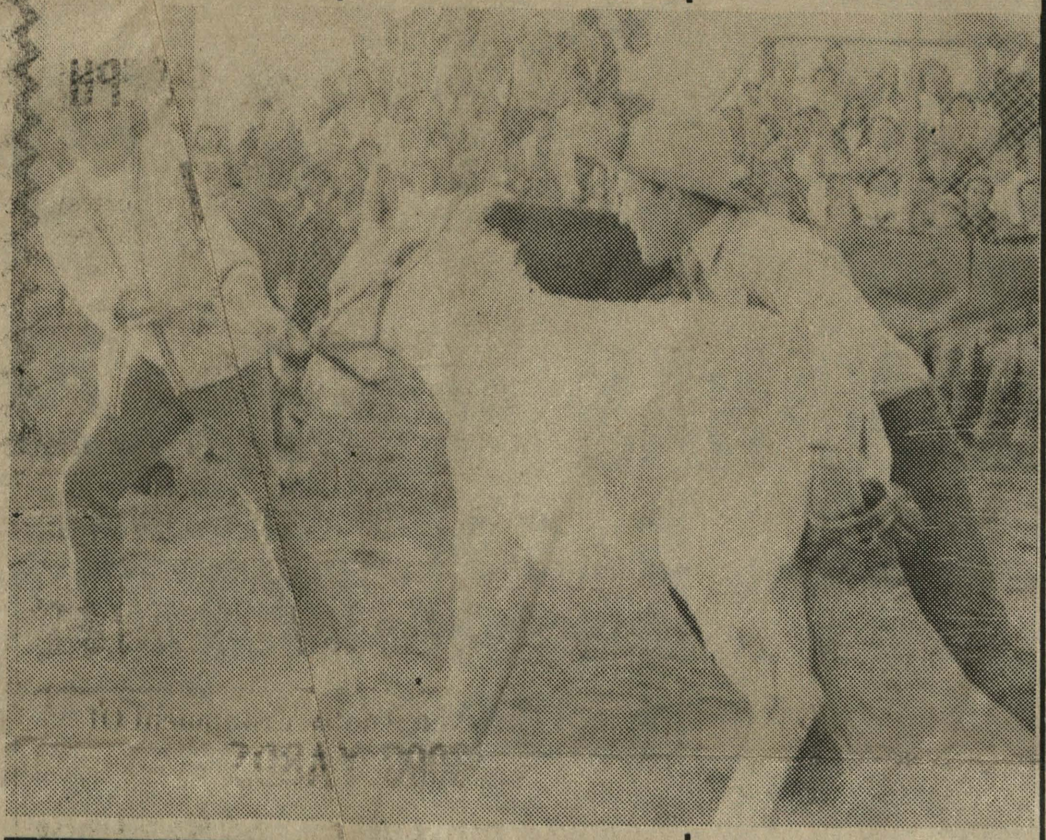
FAVORS MOTHERHOOD--Councilman Bill Smed starred in the Donkey Baseball game Friday night and was assisted nobly by a mother and her young'un.

-o-



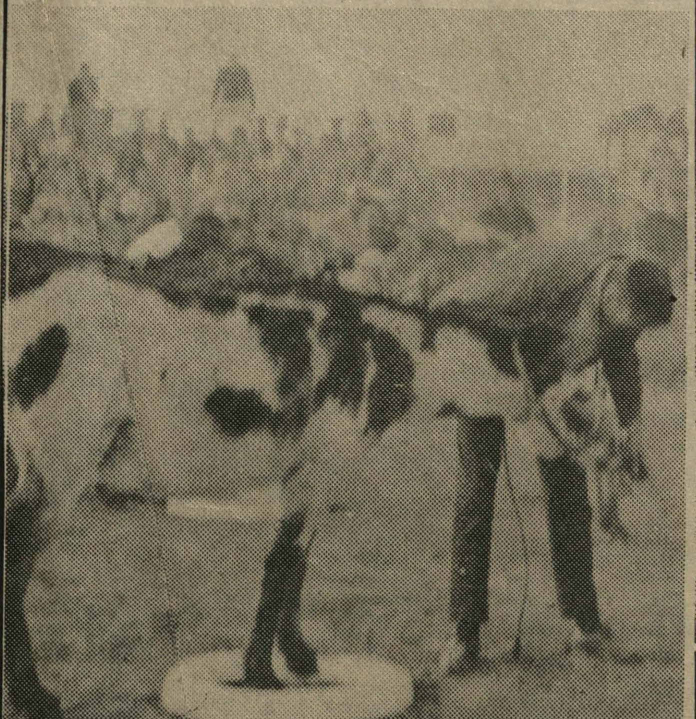
A "FAIR" UMPIRE--Miss Pam Thompson, Miss Campbell of 1964, umpired parts of the Donkey Baseball game Friday night between the city officials and Chamber of Commerce. She received considerable assistance.

GUESS WHO--The winner of the jousting contest which opened the Donkey Baseball game Friday night climbs off his mount. Players were mounted on donkeys with inflated balloons on their backs. Each player was equipped with a broom to break their opponents balloons. Jack Dawson, C. of C. prexy, alledgely was the winner.



PUSHING AND PULLING--Two prominent Chamber of Commerce officials try to get one of the main characters started in the Donkey Baseball game Friday night. That's Jack Dawson at the head and Merv Nelson at the other end.

AN OVERFLOW CROWD--A full house that spilled onto the grass and encircled the playing field watch city and Chamber of Commerce officials perform in the Donkey Baseball game Friday night at the Campbell Grammar School field.



HARD TO MANAGE—The object of the Donkey Baseball game last Friday night in most instances was to get the donkey to put one leg into the tire on the ground. The donkeys often proved uncooperative in this respect.

HONOR OLD SETTLERS--Many pioneer residents were honored in the 72nd annual Old Settlers parade on Sunday. Here is pictured Elmer Campbell, a descendant of the founder of the community.

HEARING DATE

The City Council set May 25 as the public hearing date for a proposed zone on Latimer Ave.

AUXILIARY TO MEET

The Campbell Community Hospital Auxiliary will meet Thursday morning, May 21, at 10 a.m. in the Hospital's Conference Room, according to the president, Mrs. Lee Mondragon.

Local fireman is expert woodcutter

Arthur Martin, 1556 Adrien Drive, a Campbell fireman, took second place in the International Chain Saw Log Cutting contest at Angels Camp May 17. The World Champion, Martin Hevrick of Grass Valley retained his title with a time of 13.0. Martin's time was 13.2 for cutting the 32 inch white fir logs with a chain power saw provided by Hitchcock's Garden Tool Supply of Campbell.

Martin, who was a timber faller in the Fort Bragg lumber area for seventeen years, also took second place in the hand saw contest, and third place in both axe throwing and wood chopping. He has been with the Campbell Fire Department for a year. Fire Chief George Maxwell intimated that Martin's prowess was due in part to the agility program sponsored by the Fire Department.

what's doing?

Sing along with telephone service? Americans have been doing it ever since the telephone was born . . an event cheered by the rousing "Telephone March." Soon young swains were singing, "Hello Central, Give Me Heaven." And phoning got so popular the girls had to remind them that "A Ring on the Finger is Worth Two on the Telephone." Overseas service was commemorated with a toe-tapper entitled, "Hello, Hawaii, How Are You?" Well, those are some of the oldies we've run across. These days, I understand, they're singing to our communications satellite "moon" with something called "Help Me, Telstar!" So telephone progress and the songs about it are still going strong.

If you're going to take in Disneyland on your vacation, we hope you'll visit our popular Bell System exhibit there. It features the Circarama motion picture, "America the Beautiful" which takes you—via a complete-circle screen—on a spectacular coast-to-coast trip.

If, on the other hand, you're planning a trip to see the New York World's Fair, you'll enjoy visiting the Bell System exhibit there. It features an equally spectacular moving-chair ride through the history of communications.

Campbell takes West Valley baseball title

By ALAN LISS

The Campbell Varsity Baseball team won their 9th and 10th consecutive league ball games to cinch the West Valley Athletic League baseball title.

Campbell is four games ahead of second place Del Mar and Blackford with a clean 10-0 record.

On Tuesday the Bucs assured themselves of a tie by beating second place Blackford by a 5 to 4 score. The Braves tried a "come-from-behind" victory but failed when a well hit ball off the bat of Lonny Bookbinder hit the Brave baserunner Bodie and ended a last inning threat with men on 1st and 2nd bases. Murray Hall started for the Bucs but needed help from Pat Hartigan in the 5th.

In the Del Mar game, Campbell quickly got to Martin but failed to capitalize in prime moments. The stubborn Dons kept the game close as the 4 to 2 final score shows. Pat Hartigan started for the Bucs when he recorded his 6th league win and his 100th and 101st season strikeout.

Representatives of many Santa Clara County departments held an outdoor information center on the campus of San Jose State College Thursday, May 14.

Students were able to drop by throughout the day for informal interviews and discussion of County career opportunities, according t R. David Sperry, Chi of the County's Examining and Recruiti Division.

Sperry said San Clara County has hird 135 college graduats last year with experience.

B team has tight game

The Campbell High Frosh-Soph Baseball team played its hardest and closest game of the league season against the Del Mar Dons on Thursday.

The Bucs trailed the Dons first 1 to 0, then 4 to 3 in the third inning until they finally tied in regulation 7-inning play. With two outs and bases-loaded, the Bucs put the game in the hands of freshman third-baseman Roy Grillo, hitless for the day. Grillo proceeded by raping the first pitch over the third baseman's head to score the winning run for Campbell in the 5-4 contest.

Campbell cinched a tie for the league championship with Blackford with this, their 11th straight league win in two seasons.

Vets group to meet Saturday

The regular monthly meeting of Winchester Barracks V. WWI of USA will convene promptly at 1:00 p.m. in the club house of West Valley Post American Legion on Dell Avenue, on Saturday, May 23.

Following the Barracks meeting 8th Area Commander Harry Miller will direct the annual election of Area officers which he has been urged to complete for presentation at the 2nd District meeting on Sunday June 7.

The wives of members and all Auxiliary members have a standing invitation to attend Winchester Barracks meetings.

WVJC English tests May 23

English placement tests for students entering West Valley Junior College this fall will be given May 23 at Campbell High School Auditorium, Dr. Gordon D. Aumack, WVJC dean of instruction, has announced.

Students may take the proficiency tests, Dean Aumack said, at any one of these hours: 9 a.m., 11 a.m., and 1 p.m. Results of the tests will determine whether a student is prepared for college-level English study.

Appointment cards for tests have been distributed by WVJC to high schools within the District. They may be obtained also from the WVJC Administrative Offices, 4710 Campbell Avenue, San Jose.

Church announces new location

Immanuel United Presbyterian Church, a new church development of San Jose Presbytery serving the parish area of Campbell and West San Jose, is now holding services at Payne and Boynton Avenues. Until a sanctuary is built at a later date, the congregation will meet in a large seven bedroom home on the three acre site formerly owned by Dr. John T. O'Brien.

JC to remodel grammar school for school for $192,749

West Valley Junior College trustees have accepted the bid of R.W. Michael of Los Gatos to remodel the Campbell Grammar School at a cost of $192,749, for use as a temporary campus. Michael's was the lowest of four bids submitted which ranged from $192,749 to $225,575.

Trustees also approved the signing of the 1964-65 inter-district attendance pact with San Jose City College and Foothill College, covering tuition costs plus "seat charges" of $115 and $150, respectively, per unit of average daily attendance. City College and Foothill trustees have already agreed to accept the contracts. Dr. Wallace W. Hall, WVJC president, reported that an analysis of Foothill College's proposed charge of $150 as a "seat tax" for West Valley students enrolled there is justified.

A report by Dr. James D. MacConnell, educational consultant to Reid and Tarics, the district's architects, predicted that 80 per cent of all college-age persons in the district will be taking some college courses.

"We're trying to "guess ahead" how many students will have to be accomodated here," Dr. MacConnell said, "And we think three campuses, at 5,000 full time students per campus, will be needed within the next 15 to 20 years." MacConnell recommended that campus plans allow for expansion, particularly in regard to library

Eight acres on Union Avenue face rezoning

Eight acres on Union Avenue were recommended for a change from R-1 (single family residences) to R-3 (multiple units) by the Campbell Planning Commission. The zone change was recommended at a public hearing on the application of Sam Carlentine for properties located at 215 and 225 Union Avenue.

City Planner Orville Overen said this would be "a logical breaking point for a transition from R-1 to R-2 or R-3" and is in keeping with the general plan for the area.

SJSC honors six localites

Six residents of Campbell attending San Jose State College were honored for their outstanding scholastic ability at the annual SJS Honors Convocation May 14.

Those designated President's Scholars maintained a 4.0 grade-point average for two consecutive semesters.

The honored students include:

Deans' Scholars: Keith R. Anderson, 849 Ebbets Dr.: Charlesie A. Baker, 635 Chapman Dr.: Elin J. Larson, 600 Sunnyoaks St.; Robert I. Lewon, 1195 Bent Dr.: Judith A. Remley, 51 Llewellyn Ave. and President's Scholars: William A. Lundberg, 1151 Shady Lane.

Planners vote to post notices on PD zones

In the future, public notices may be posted in the areas where Planned Development zoning is recommended by the city. City Planning Commissioners adopted a resolution to approve this amendment to Section 9305.05 of the Campbell Municipal Code. The City Council must also vote on this amendment before it is enforced.

Information on bonds available

Campbell chairman, Myron L. Fairchild of the Citizens for County Building and Park Bonds stated Campbell area residents will receive information on the five point bond issue in the near future. Fairchild pointed out that County Executive H.W. Campen has stated next year's tax rate will drop a minimum of five cents per $100 of assessed valuation if the bonds pass. The reduction would be made possible through the elimination of current pay-as-you-go taxes for capital improvements. Bond headquarters are now located at 1048 Pleasant St., San Jose.

Alquist gives results of poll

The results of a poll showing significant support for the Rumford housing law and the $150 million state park bond issue have been released by Assemblyman Alfred E. Alquist. The San Jose Democrat sent out 5,500 questionnaires to Democrats and Republicans throughout the 24th District, and 765 were returned. The survey showed that 45.6 percent of those polled favored retention of the Rumford law; 36.6 percent favored repeal of it and 17.8 percent had no opinion.

The bond issue to finance development of parks and beaches was approved by 68.5 percent, and a larger majority also backed equalization of property taxes for schools on a county-wide basis.

Bronze marker missing from Roosevelt tree

Vandals, with no appreciation for history, have pried loose the bronze marker plaque at the base of the famous Roosevelt redwood tree at the corner of Winchester and Campbell Avenue. Police are investigating the theft.

The redwood, planted in 1903 by President Theodore Roosevelt.

Church purchases Rincon property

Saint Lawrence Episcopal Church has purchased the property formerly owned and occupied by Church of Christ at 65 West Rincon Avenue in Campbell. This announcement was made by the Reverend Alfred D. Carson, newly appointed Vicar of St. Lawrence Church.

Worship Services and Sunday School classes will begin in the new location on the first Sunday in September. Besides the church building itself, the property includes several well-equipped classrooms, a fellowship hall, and a detached duplex.

Saint Lawrence Church, which was organized last September in Campbell, now holds worship services in the Campbell Country Woman's Club Building at First Street and East Campbell Avenue.
